Why We Are Here

A postsecondary education - college, trade school, and other pathways - unlocks opportunities for students and entire communities. Yet for millions of underserved students, it remains out of reach. In Chicago, nearly 75% of Chicago Public Schools students aspire to obtain a bachelor's degree, but only 30% of current CPS ninth-graders are projected to obtain a degree.* This is not for lack of ambition or talent, but for lack of support.
