1.5x

OneGoal Fellows are approximately 1.5x more likely to earn a degree than their peers from similar backgrounds

Why We Are Here ↘

A postsecondary education - college, trade school, and other pathways - unlocks opportunities for students and entire communities. Yet for millions of underserved students, it remains out of reach. Just one in seven (14%) of students living in low-income communities in Harris County obtain a postsecondary degree or credential, compared to one in three (33%) of their peers in high-income communities. This is not for lack of ambition or talent, but for lack of support.

Our Results

ENROLLMENT

80% of OneGoal Fellows enroll in a postsecondary institution

PERSISTENCE

72% of those persist one year after high school graduation

92%

of district partners agree OneGoal helps them improve their students' postsecondary outcomes

Building a Generation of Graduates in Texas ↘

Navigating the postsecondary landscape is complex, especially for first-generation students and students of color. But after 15+ years working alongside educators and students, we know what works. With OneGoal, schools make college + career planning an integral part of the high school experience.

OneGoal

A class that changes futures

A 3-year model that prioritizes students in the academic middle who are often overlooked by other interventions. It starts as a class in 11th grade and continues with support through the first year after high school graduation.

OneGoal Leadership Network

Leaders creating opportunity

A systems-level, multi-year path to improvement that transforms postsecondary leadership at the district level, closing gaps and increasing outcomes for all students.

“

Before joining OneGoal, I had no idea I was going to attend college. I had concerns about how I was going to pay for it. Thanks to OneGoal, I'm graduating high school and I will be attending college this fall.”

Britney Zamarron
OneGoal Alumna
