400

1.5x

OneGoal Fellows are about 1.5x more likely to earn a degree than their peers from similar backgrounds

Why We Are Here

A postsecondary education unlocks opportunities for students and entire communities. Yet for millions of underserved students, it remains out of reach. While the Bay Area is known for its high outcomes and lucrative innovation, that wealth and opportunity has not reached many of its residents. In the nine-county Bay Area, only 38% of Black and 27% of Latinx adults have attained an associates degree or higher, compared to 71% of their white peers*. This is not for lack of ambition or talent, but for lack of opportunity and support.

Our Results

Enrollment
81% of OneGoal Fellows enroll in a postsecondary institution

Persistence
73% of those persist one year after high school graduation

Building a Generation of Graduates in the Bay

Together, we can empower every student to define their own future. OneGoal helps provide effective, equitable postsecondary advising for all students.

OneGoal in the Classroom

A 3-year program that starts in high school and continues through the first year of postsecondary.

- + Delivered by an educator
- + Prioritizes underserved students from low-income communities
- + Culturally relevant teaching
- + Social-emotional + academic development
- + Inclusive of many postsecondary pathways

OneGoal Leadership Network

A multi-year path to improvement, tailored to each partner's context, with expert guidance at every step.

- + Identify unique needs
- + Define a focused plan to expand impact
- + Learn + discuss with peers
- + Coaching + implementation support
- + Ongoing benefits for network members

Before OneGoal, I didn't take my future as seriously and wasn't really thinking about college, but I do now. I feel more open to new things and I like being challenged by new questions."

LaNiya Dixon

Year 3 Fellow
Freshman, Howard University
