

April 18th, 2025
BAY AREA SUMMIT
CSU, East Bay - Hayward, CA

Each year, Student Summits held across the country bring together OneGoal students for a day of learning and connection with each other and community members. These inspiring and empowering events build community and create space to explore postsecondary pathways.

We are proud to announce our second annual Bay Area Student Summit will take place on April 18th, 2025 at California State University, East Bay.

We will bring together 250 OneGoal Fellows to celebrate and engage in hands- workshops, career panels, opportunity fair, and more to support their postsecondary pathways.

As a Summit partner and sponsor of our event, you make an investment in our students' futures. You directly ensure that our students - and many more - have the opportunity to achieve their greatest postsecondary aspirations.

Ridge / \$5,000

- + Invitation to host a company booth at the Opportunity Fair
- + Acknowledgement as an event sponsor on the banner at the event, on website, and on screens throughout the event

Let's close the opportunity gap. With your support, we can transform postsecondary advising and empower every student to define their own future.

**subject to availability*

***only 1 opportunity available*

Career Panel Panelist ↘

Engage directly with students by having a speaker from your company sit on a career panel. This is a prime opportunity to engage leadership from your organization to share learnings and shape the perspectives of tomorrow's professionals.

Opportunity Fair Table ↘

Network with students during our Opportunity Fair by hosting a table for your company. Engage staff volunteers to share their experiences and potential pathways at your organization.

In-Kind Donations ↘

During the Summit, we host giveaways and awards to fuel Fellows' enthusiasm. Consider contributing branded materials like gift cards or college supplies to go in student swag bags or raffle items. Your gift makes a big difference in the success of this event and helps us inspire students to reach their greatest postsecondary aspirations.
